Henan Medical Technology Co.,Ltd
河南迈迪科医疗科技有限公司

Company Profile

Henan Medical Technology Co., Ltd is established in 2014, and the factory is located in Changyuan County, which is the "Home of Sanitary Materials", 600km away from Qingdao port. It takes about 8 hours to the sea port. With the world's newest production equipment. It has its own EO sterilization center and tight control over production and sterilization. Our raw material suppliers have passed the review of Medline and Cardinal, and the incision film is from 3M. We mainly produce and supply disposable non-woven products such as disposable surgical packs, surgical gowns, surgical gowns. Our products have been exported to Europe, South East Asia, the Middle East, South America and more than 30 countries worldwide.

Henan Medical Technology Co., Ltd is one of the Chinese leading manufacturers and suppliers of surgical gowns and drapes for hospital operating rooms and clinics. We manufacture a wide range of products to the most stringent standards set by governments and international health authorities. All products are manufactured in high-level cleaning rooms that are strictly controlled in accordance with ISO and CE requirements. Now 120000m^2 cleaning room has been put into use. Total workers are 200, including 30 administrative staff in workshops. It is expected to achieve annual sales of 50 million RMB. When all the planned buildings are completed, there will be 600 people and annual sales can reach 250 million yuan. All of our company's staff have over 5 years of experience exporting disposable non-woven products, enabling us to provide the best service and supply the most satisfactory solutions to meet our customers' needs. At present, overseas sales take apart over 95%. The establishment of our quality system is based on the requirements of ISO13485 & FDAQMSR (Quality Management System Regulation) rules and the on-site guiding principles of China's sterile medical device manufacturers.

Everyone has a right to be treated with respect and care, especially those who need it, so we invest in every thought, research and development and production. Heathy life, guaranteed by us.

Label	Customized printing is available
Sterile or not	Yes, EO
Packaging	1pc/sterile pouch or customized
Brand	RYANDINO®/OEM is available

Packing & Delivery：

Packaging Details: Individual packed in paper&plastic sterile bag, or customized packing
Port: Qingdao/ Shanghai port
Lead Time :30 days after your confirmation of bulk sample

Product Details:

Mayo stand cover

Description:

Product name	Mayo stand cover
Code	MT-021D
Measure	Regular size 80*120cm or customized is available
Material	SMS，Laminated or Customize
Label	Customized printing is available
Sterile or not	Yes, EO
Packaging	1pc/sterile pouch or customized
Brand	RYANDINO®/OEM is available

Packing & Delivery：

Packaging Details: Individual packed in paper&plastic sterile bag, or customized packing
Port: Qingdao/ Shanghai port
Lead Time :30 days after your confirmation of bulk sample

Product Details:

Underbuttock drape

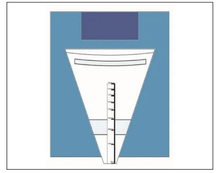
Description:

Product name	Underbuttock drape
Code	MT-022D
Measure	Regular size 89*117cm or customized is available
Material	SMS，Laminated or Customize
Label	Customized printing is available
Sterile or not	Yes, EO
Packaging	1pc/sterile pouch or customized
Brand	RYANDINO®/OEM is available

Packing& Delivery：

Packaging Details: Individual packed in paper&plastic sterile bag, or customized packing
Port: Shanghai/ Guangzhou/ Qingdao/ Ningbo port

Product Details:



Sterilized Legging

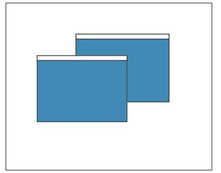
Description:

Product name	Legging
Code	MT-023D
Measure	Regular size 40*75cm or customized is available
Material	SMS，Laminated or Customize
Label	Customized printing is available
Sterile or not	Yes, EO
Packaging	1pc/sterile pouch or customized
Brand	RYANDINO®/OEM is available

Packing & Delivery：

Packaging Details: Individual packed in paper&plastic sterile bag, or customized packing
Port: Qingdao/ Shanghai port
Lead Time :30 days after your confirmation of bulk sample

Product Details:



Stockinette

Description:

Product name	Stockinette
Code	MT-024D
Measure	Regular size 23*100cm or customized is available
Material	SMS，Laminated or Customize
Label	Customized printing is available
Sterile or not	Yes, EO
Packaging	1pc/sterile pouch or customized
Brand	RYANDINO®/OEM is available

Packing & Delivery：

Packaging Details: Individual packed in paper&plastic sterile bag, or customized packing
Port: Qingdao/ Shanghai port
Lead Time :30 days after your confirmation of bulk sample

Product Details:

Standard Surgical Gown

Description:

Product name	Standard Surgical Gown
Code	MTG-001
Size	SM M L XL XXL 3XL
Material	SMS, Spunlace, SS, Customizable
Sterile or not	Yes, EO
Packaging	1pc/sterile pouch or 1pc/paper-plastic bag
Brand	RYANDINO®/OEM is available

Size	M	115*145cm
	L	127*150cm
	XL	135*150cm
	XXL	140*155cm

Product Details:

Reinforced Surgical Gown

Description:

Product name	Reinforced Surgical Gown
Code	MTG-002
Size	SM M L XL XXL 3XL
Material	SMS, Spunlace, SS, Customizable
Sterile or not	Yes, EO
Packaging	1pc/sterile pouch or 1pc/paper-plastic bag
Standard	AAMI level 4
Brand	RYANDINO®/OEM is available

Size	M	115*145cm
	L	127*150cm
	XL	135*150cm
	XXL	140*155cm

Product Details:

Microscope Cover

Description:

Product name	Microscope Cover
Code	MT-044C
Color	Transparent
Material	PE
Size	Available in several sizes
Feature	Waterproof, protect machine without any pollution
Packing	1pc/sterile pouch
Sterile or not	Yes, EO
Brand	RYANDINO®/OEM is available

Product detail:

C-arm Cover

Description:

Product name	C-arm Cover
Code	MT-045C
Color	Transparent
Material	PE
Size	Available in several sizes
Feature	Waterproof, protect machine without any pollution
Packing	1pc/sterile pouch
Sterile or not	Yes, EO
Brand	RYANDINO®/OEM is available

Product detail:

Probe Cover

Description:

Product name	Probe Cover
Code	MT-046C
Color	Transparent
Material	PE
Size	Available in several size
Feature	Waterproof, protect machine without any pollution
Packing	1pc/sterile pouch
Sterile or not	Yes, EO
Brand	RYANDINO®/OEM is available

Product detail:

Universal Finger Light Handle Cover

Description:

Product name	Light Handle Cover
Code	MT-047C
Cover Size	11cm*21.7cm or customized is available
Material	PVC
Color	Green
Label	Customized printing is available
Feature	Disposable EO(Ethylene Oxide)
Packing	1pc/sterile pouch 100pcs/box
Instrument classification	Class III
Brand	RYANDINO®/OEM is available

Product detail:

Surgical Dome & Band Cover

Description:

Product name	Dome & Band Cover
Code	MT-048C
Color	Transparent
Material	PE
Size	Available in several size
Feature	Waterproof, protect machine without any pollution
Packing	1pc/sterile pouch
Sterile or not	Yes, EO
Brand	RYANDINO®/OEM is availableilable

Product detail:

Disposable Medical Surgical Blade

Description:

Product name	Surgical blade
Cover Size	10#, 11#, 12#, 15#, 20#, 21#, 22#, 23#, 24#, 25#
Material	Carbon Steel or Stainless Steel
Type	With or Without handle
Feature	Sterilized by Gamma Radiation
Packaging	Each piece packed in one aluminum foil pouch
Certification	CE, ISO13485
Shelf life	5 years
Brand	RYANDINO®/OEM is available

Packing & Delivery:

Port: Shanghai/ Guangzhou/ Qingdao/ Ningbo port
Lead Time :30 days after your confirmation of bulk sample.
.Further detail is below:

Item Name	Carton size/cm	Quantity pcs/ctn
Surgical blade	36*20*17	5000

Product detail:

Disposable HDPE/LDPE Glove

Description:

Product name	HDPE/LDPE Glove
Cover Size	XS/S/M/L/XL
Material	PE
Color	Clear
Surface	Embossed or Smooth
Length	265--380mm
Weight	0.6--2.2g or as customized
Packaging	100pcs/box,10boxes/ctn,OEM
Function	Disposable single use, medical
Samples	Samples are available at any time
Certificate	CE ISO13485
Brand	RYANDINO®/OEM is available

1.Latex Free, ideal for people with potential latex reactions;
2.Made from High-quality HDPE/LDPE materials in which glove can provide optimum protection and comfort;
3.Soft and durable;
4.Standard can meet and exceed requirements set by the CE, ISO13485

Packing & Delivery:

Packaging Details: Individual packed in paper-plastic sterile bag, or customized packing
Port: Shanghai/ Guangzhou/ Qingdao/ Ningbo port
Lead Time :30 days after your confirmation of bulk sample.

Product detail:

Latex Surgical Glove

Description:

Material	100% natural latex
Type	Powder-free(MT-5101S), powdered(MT-5102S)
Size	6, 6.5,7, 7.5, 8,8.5
Color	Milky White
Packing	1pair/ bag ,100pairs/carton
Sterile or not	Yes
MOQ	200,000 pairs
Brand	RYANDINO®/OEM is available

Product detail:

Latex Foley Catheter

Description:

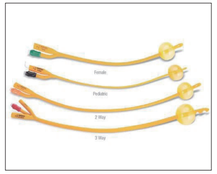
Product name	LATEX FOLEY CATHETER 1-WAY MT-5201C
Standard	8-24Fr
Bend	12-24Fr
Children	8-10Fr

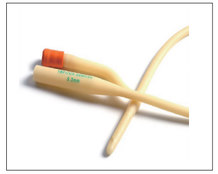
Product name	LATEX FOLEY CATHETER 2-WAY MT-5202C
Standard	12-26Fr
Female	12-26Fr
Bend	12-26Fr
Children	8-10Fr

Product name	LATEX FOLEY CATHETER 3-WAY MT-5203C
Standard	16-24Fr
Female	16-24Fr
Bend	16-24Fr
Children	18-24Fr

Product detail:

1.Avoid impurity and calcifying on the surface of catheter.
2.Ease irritation and calcifying on the surface of catheter.
3.Good biological compatibility
4.Easy insertion and not easy to be plugge





Male External Catheter

Description:

Model	Straight, calabash-like model type
Material	Latex
Size	extra-large-size (XL40mm), large-size (L 35mm), medium-size(M 30mm) and small-size(S 25mm).
Brand	RYANDINO®/OEM is available

Feature:

All parts adopt the medical material which conforms to the requirements, it is asepsis, innocuity, no pyrogen after sterilized, it is convenient to use.
It has no cross infection because of single use.
* For male patients who suffer paralysis or uroclepsia
* Made of non-toxic natural latex
* Sterilized by ethylene oxide gas
* Adhesive strip is available (foam or hydrocolliod gel quality)
* Storage: store in dark, dry and clean conditions

	25.4×76.2(1"×3 ")	1.0–1.2	72	50	20/19	44×20×16

Product detail:

Carriers used to hold experimental materials during experiments, made of float glass and quartz glass, also divided into microscope slides and cell culture slides. From the number of single and composite slides, from the appearance of the distinction between single- and double-headed, single-sided and double-sided, frosted edge and burr edges and so on.

Coverslip Series

Introduction:

Coverslip a thin and flat piece of glass of transparent material, usually square or rectangular, placed over an object to be viewed with a microscope. The primary function is to keep solid samples flat and liquid samples shaped into flat layers of uniform thickness.

Description:

Slze mm	Thickness mm	pieces per BoX	Quantity per corton Boxes (Kg)	GWINW	Meast cm
12×12	0.13–0.17	100	600	6/5	31×30×16

		200	200	17/16	41×32×17

Product detail:

The coverslip is covered with the material on the slide to avoid contact between the liquid and the objective lens, so as not to contaminate the microscope, and to keep the uppermost part of the observed cells in the same plane, i.e.: at the same distance from the objective lens, so as to make the observed image clearer. The thickness of the coverslip is critical for high resolution microscopy.

Respiratory & anaesthesia

Introduction:

The respiratory and anaethesic products are to be inserted to establish and thus maintain an airway for emergency, collecting patients' secretion, regulating breathing and facilitating respiratory disease's aigmization

Product Series:

1.Endotracheal Tube Without Cuff: standard reinforced and preformed (Material: PVC)
2.Endotracheal Tube With Cuff: standard. reinforced preformed and suction(Material: PVC)
3.Endotracheal Tube Set(can collocate it according to different requirement)
4.One Wav Larvngeal Mask (Material: PVC and silicone)
5.Tracheostomy Tube Without Cuff standard and reinforced(Material: PVC)
6.Tracheostomy Tube With Cuff standard. reinforced and suction(Material: PVC)
7.Endotracheal Tube Holder: used for holding the Endotracheal Tube (Material: PP)
8.Suction Catheter: tvpe I and tvpe II(Material: PVC and silicone)
9.Oxygen Cannula: one way and two way(Material: PVC and silicone)
10.Nebulizer: pediatric. adult size (Material: PVC and PP)
11.Mouth Opener (Material: PP)

Product detail:

Elastic Crepe Bandage

Introducation:

Spandex elastic crepe bandage is a special woven crepe fabric structure allowing for a non–slip surface, and high absorbency. They are soft and comfortable to wear. These tapes conform to the body allowing for movement and flexibility. They also offer for excellent stretch for joints and muscles after a minor injury, as well as giving adequate pressure to the site of application. It is porous enough to allow air circulation and lessen skin irritation.
